

Orbit Nutrition Acquired by Lockout Supplements

written by Mike Roberto | July 29, 2016

Earlier this week, Lockout Industries contacted us with some great news: **Lockout Supplements has acquired Orbit Nutrition!** And to celebrate, they're offering a 10% off coupon for new users, linked below and at the bottom of this post!

Throughout the acquisition period, Orbit Nutrition (also known as Orbit Supplements) should temporarily redirect to Lockout Supplements, harnessing the power and product mix of *both* stores.

Lockout Industries officer Greg Green posted a press release[1] stating,

"Mitch and I have been working together for several years in this industry. I'm honored to take over the Orbit name, welcoming all Orbit customers to our family, and providing them with best rated service our industry provides. We look forward to working with Mitch and his staff on his continued innovation and future products in the supplement industry."

– Greg Green, Lockout Industries

The Mitch he speaks of is Mitch Barnum, former owner of Orbit. More on what Mitch will be up to lower down!

Lockout upgraded to Orbit's Platform

Lockout isn't just buying the Orbit brand and inventory – they're also buying

the **technology**. They've stated that Lockout will soon be transitioning to Orbit's platform, which is more user-friendly and easier to shop with.

We're unsure when that transition will be complete, but for the time being, Lockout is still fully operational as always.

The Body Performance Solutions Connection

Orbit Nutrition's previous owner, Mitch Barnum, also own **BPS**, or **Body Performance Solutions**. We are told that he will now be focusing on the brand.

In the original press release,[1] Mitch stated,

"Greg and I have an established relationship and I am very pleased to have Orbit Nutrition/Supplements be a part of the Lockout Industries team. Greg and Glenn run an exceptional company that provides amazing service that Orbit Nutrition customers have come to expect from a supplement retailer. We will also be working closely with Lockout on future Body Performance Solutions (BPS) releases and exclusives. I look forward to working with the entire Lockout team going forward."

– Mitch Barnum, Body Performance Solutions (BPS)

To celebrate this, we're directing the coupon links to the BPS Combustion product page, which is quite a unique looking fat burner:
