

Statement of Self-Affirmed GRAS

Jul. 2nd, 2021.

This statement indicates that NNB's (Nanjing Nutrabuilding Bio-tech Co., Ltd) L-Ergothioneine, has obtained self-affirmed GRAS status as a food ingredient to selected conventional food products for the general population for the categories as listed here: Grain-based bars with or without filling or coating; Nutrition Bars, including meal replacement bars and energy bars; Sports and Energy drinks; Nutritional beverages, and protein and nutritional powders; Candy (not containing chocolate) and Gummies.

This GRAS determination is based on a unanimous consensus by Douglas Archer, Ph.D. Professor, Food Science and Human Nutrition, University of Florida; Michael W. Pariza, Ph. D., Member, Michael W. Pariza Consulting, LLC, Professor Emeritus, Food Science, Director Emeritus, Food Research Institute, University of Wisconsin-Madison; and Madhusudan G. Soni, Ph.D., F.A.C.N., F.A.T.S., Soni & Associates Inc. The expert panel members indicate that L-Ergothioneine is safe within the terms of the Federal Food, Drug and Cosmetic Act (meeting the standard of reasonable certainty of no harm) and also Generally Recognized as Safe (GRAS) according to Title 21 Code of Federal Regulations (21 CFR).
