

# **EXHIBIT 1**

PHARMLINE, Inc.

# The Source

- For Fine Nutritional Products -

August 1991

has over twelve years of experience serving the nutritional food and pharmaceutical industries. Pharmline, now in its fifth year, has established a track record of providing product, delivery and technical support to its customers. Our extensive contacts with manufacturers and suppliers in Europe, Asia and South America allow us to introduce cutting edge products to the industry.

Pharmline is a member of the Herb Research Foundation, the Institute of Food Technologists, the American Association of Candy Technologists, the NNFA, the Council for Responsible Nutrition and the American Herb Products Association.

Quality Control is a key concern at our processing facility where pharmaceutical Good Manufacturing Practices (GMP's) are followed for custom blending, grinding, granulating and vacuum drying services. Our laboratory has equipment for mixing, drying and sizing as well as instruments for assay and validation of raw materials. We have complete in-house microbiological capacity, including spectrophotometers and apparatus for HPLC, A/A, UV vis., melting point, pH, and fiber products validation. All Pharmline operations revolve around our GMP Program in which raw materials are quarantined, sampled, tested, and released under the strictest conditions. A sample of every

## Sales and Shipping Policy

### Terms

Orders are to be C.O.D. or prepaid with check, money order or valid VISA or MasterCard. Customers with approved credit are Net 10 days. Accounts with invoices not paid within 45 days may be subject to a finance charge of 1.5% per month (18% annually) and may be placed on C.O.D. status with notice. Invoices are attached to the outside of the box.

### Prices

All prices are the professional bottle price and are subject to change without notice. Case discount: buy 11 bottles and receive one bottle free.

### Ordering

Call in or fax your order at anytime. Customer Service Representatives are available to help you 8:00 am - 5:00 pm Pacific Time.

### Back Order Policy

If an item is temporarily out of stock, it will be placed on Back Order. We will ship the product as soon as it is available and there will be no additional handling charges; the shipping charge will be only the actual amount.

### Shipping Policy

United Parcel Service (UPS) is our carrier of choice. Other carriers may be used, upon request.

### Shipping Charges

There is a minimum charge for shipping and handling based on UPS Zones:

UPS Zones 2-3	\$4.50
UPS Zones 4-5	\$5.00
UPS Zones 6-7	\$5.50
UPS Zone 8	\$6.00

Additional charges are based upon weight. The UPS C.O.D. fee is \$5.00. UPS rates are subject to change. Non-UPS packages will be charged actual freight costs.

### Special Delivery Services

United Parcel Service (UPS):  
2nd Day Delivery (Blue Label)  
Next Day Delivery (Red Label)  
Federal Express: all services

Call Toll-Free for a  
Customer Service Representative  
8:00 am - 5:00 pm Pacific Time:

---

May 2, 1994

Mr. Michael McGuffin  
McZand Herbal Inc.  
P.O. Box 5312  
Santa Monica, CA 90409

Dear Mr. McGuffin:

Enclosed please find our catalog offering a variety of HERBS,  
HERBAL EXTRACTS, ORGANIC MINERALS and NUTRITIONAL SUPPLEMENTS.

Our many years of service providing products through brokers  
and distributors has earned ISLAND ORGANICS an excellent  
reputation for prompt reliable service and quality products.

Now, not only have we expanded our inventory, but sell directly  
to the industry at large at the same incredibly low prices.

I will give you a call next week and answer any questions you  
may have.

Very truly yours,

Pat Ransom  
Account Executive

## PLANT UPDATE

As of mid-September, our new office/warehouse building is nearing completion. The walls are up and the roof is being finished. The building has four docks and lots of space everywhere we need it. Our early projections are for the entire building to be completed by the end of October. This will include office and production furnishings, new pallet shelving, everything we wanted but couldn't fit presently, and, maybe, a movable indoor basketball court! In any event, we plan on moving throughout the month of November in several stages. Depending on how scheduling proceeds, we should be moving our offices in mid to late November. Thank you all for your continued support that makes our move possible. Feel free to visit our new facility and we'll be more than happy to show off our new home. Our phone and fax will remain the same. Our new address as of mid-November is:

550 Mitchell Road  
Glendale Hts., IL 60139

## WELCOME PAT!

Pat Keegan started as our new sales representative September 2nd. He is a health enthusiast who enjoys working with people and wants to be a part of our industry. His interests include basketball, jogging, and coaching in sports clinics. His past sales experience includes part-time summer work for two years at his mom's health food store. There he learned the basics and is now ready to contribute to building our company and industry. Pat will be talking to many of you, especially those in Southern California. He'll be reaching out to the biggest market in the U.S. where NOW is able to grow the most.

Welcome Pat!

# FOUR OCTOBER SPECIALS

## WHEAT SPROUT ANTIOXIDANT

This product is produced from concentrated wheat sprouts hydroponically grown in a mineral-rich nutrient medium and high oxygen environment. This carefully controlled process maximizes the production of natural antioxidant enzymes including superoxide dismutase, catalase, glutathione peroxidase, and methionine reductase. Whole food antioxidant enzyme support is the perfect adjunct to any nutritional program, focusing upon prevention and environmental protection. Contains no soy, gluten, milk, egg, or preservatives.

The unique biological activity of Wheat Sprout Antioxidant is preserved through low temperature, non-force, dehydration and special process tableting. It takes more than one pound of fresh sprouts to yield one ounce of finished product—a 20:1 supplement that is university tested.

	CODE	REG.	SALE

## NAC N-ACETYL CYSTEINE WITH SUPPORTING NUTRIENTS

NAC is a stable form of the amino acid L-Cysteine. It is converted by the body into glutathione and then into glutathione peroxidase, an antioxidant enzyme. Our capsules contain no yeast, wheat, corn, soy, milk, egg, or preservatives. We have added trace minerals Molybdenum and Selenium for synergistic support. Compare our **600 mg** with smaller size or lower potency competitors.

### EACH CAPSULE PROVIDES:

NAC (N-Acetyl Cysteine) .....	600 mg
Molybdenum (Amino Acid Chelate) .....	50 mcg
Selenium (L-Selenomethionine) .....	25 mcg

# NEW SEPTEMBER SPECIALS

## AMERICAN GINSENG 5% GINSENOIDES

Today, the majority of American Ginseng is exported to China, where it is considered to be a highly treasured herb. Our American Ginseng capsules are derived from four to five year old ginseng roots cultivated in Wisconsin. The climate in Wisconsin is ideal for growing ginseng and, therefore, produces exceptionally high levels of ginsenosides. This capsule includes a minimum of 5% ginsenosides, although many lots contain over 10% ginsenosides!

## NAC N-ACETYL CYSTEINE WITH SUPPORTING NUTRIENTS

NAC is a stable form of the amino acid L-Cysteine. It is converted by the body into glutathione and then into glutathione peroxidase, an antioxidant enzyme. Our capsules contain no yeast, wheat, corn, soy, milk, egg, or preservatives. We have added trace minerals Molybdenum and Selenium for synergistic support. Compare our 600 mg with smaller size or lower potency competitors.

### EACH CAPSULE PROVIDES:

NAC (N-Acetyl Cysteine)	600 mg
Molybdenum (Amino Acid Chelate)	50 mcg
Selenium (L-Selenomethionine)	25 mcg

## AMERICAN GINSENG 5% GINSENOSES

Today, the majority of American Ginseng is exported to China, where it is considered to be a highly treasured herb. Our American Ginseng capsules are derived from four to five year old ginseng roots cultivated in Wisconsin. The climate in Wisconsin is ideal for growing ginseng and, therefore, produces exceptionally high levels of ginsenosides. This capsule includes a minimum of 5% ginsenosides, although many lots contain over 10% ginsenosides!
